ROTHWELL WESLEY GUILD.
The members of the above were entertained Friday evening last with an interesting lecture on the customs, etc., of "Wesley's land." The lecture is the first of a series issued by the Wesley Guild Central Council for the use of the Guilds. The friendliness between the Rothwell Wesleyan and other societies was again manifested by the presence of Mrs. Aston (Primitive Methodist) who is under the arduous duties of a mother and a teacher.

In the lecture were described the difficulties of travelling, the unprepared state of the highway, and the danger of being robbed. The dress and funeral customs, superstitions

The poverty and ignorance of the people

shown by a picture of a country public-house where a company of men were taking at one pipe of tobacco, while another, after resting awhile on his journey, read news to them from a paper many weeks old. In winter it was no uncommon thing to see two men share each others fires. Cock-fighting and all the other kindred brutal sports were in common practice. As we heard of the drinking customs of those times, when it was fashionable to get drunk every night and when drinking was freely indulged in by both ladies and gentlemen of high birth, we realise the excess made by the temperance cause. The grossness of the country also was at such

ebb that many of the churches were
ated by being turned into storehouses for
while many persons varied their Sunday

by tilling the Squire's garden and doing
box, all for £10 a year and board. Some
principal places of amusement were also
held. Many other sides of the nation's
were also touched on. Such lectures as
show us the greatness of the task John
and his followers took upon themselves
to get an idea of the marvellous growth
of Methodism started in those dark days. The
coloured lantern slides which illustrated the
added much to the enjoyment. Many
of the slides were valuable having been
taken from old wood-cuts. The Rev. S.
kindly lent his lantern and also presided

ROTHWELL DISTRICT COUNCIL.

A monthly meeting of the above Council
was held on Wednesday evening last. Mr. B.
Taylor (vice-chairman) presiding. The other
members in attendance were C. A. W. Staines,
S. Dabson, Jas. Harrington, Jas. Arncliffe, N. S.
Turnbull, J. Abbot, W. R. Smith, H. Nichols,
P. G. Milner, G. Arncliffe, J. W. Bolmer, with
the clerk (Mr. W. H. Harrington) and officer (Dr.
Stevens), surveyor (Mr. Peers) and sanitary
inspector (Mr. Moorhouse).

At meeting of the Highway Committee,
the correspondence was read between the Clerk and
the R. W. Y. B. Co., regarding the dangerous
level crossing near the engine sheds at the top
of the Shute. The Clerk was to be asked to
erect a foot bridge. Letters which had
passed between the Clerk and Messrs. B. White
and Sons, whose quarry site at Rothwell
High had given way to the danger of the
Leeds and Wakefield road.

It was proposed that the Clerk should
order the Clerk to take steps to ensure the safety
of the highway proceedings were ordered to be
taken. It was reported that the North Eastern
Railway Company had cleared out the drain at
Stourton, and proposed to put a 12 inch main
down the road side to the river, in order to
carry away stormwater, and that continuing the
line from Woodhouse Hill. The Committee
had considered the repair of the
steps leading to Rothwell pit and decided to
leave the matter to the Highway Committee.
The Clerk was instructed to
write the County Council, proposing for full
payment of costs in several cases of repair for
the County Council had only been asked for
proportion of costs. The Committee held that
the expenses were not special, but necessary
for the ordinary up keep of the roads. It was
proposed that the Clerk should write the
Highway Committee regarding the
drainage of the road on Long Bridge. Steps
were ordered to be taken to secure the
early payment of outstanding accounts for
private street repairs.

Mr. Jas. Harrington proposed the confirmation
of the minutes. He said that a deal of
complaint had been made about the obstruc-
tion by the wagons of the level crossing near
Crosley's houses at West Field, attention
having been drawn to it in an anonymous
letter received by the Clerk. He thought it
would have been better if the person writing
had given his name. He thought such arrange-
ments had been made that would satisfy the
fact that the water which had been
factually dammed up under the Railway
bridge on the Leeds & Wakefield road at
Stourton.

Mr. G. Arncliffe seconded the minutes.

Mr. Dobson thought that whilst the Com-
mittee were dealing with railway bridges it
would be as well if they would try and get the
Company to screen off the sight of trains from
across at their Road bridge, these being
very much exposed and the engines
being cause fright to spirited horses.

Mr. Turnbull remarked that it was the
Committee's consideration the provision of a foot-
path on the side of Pontefract road where
building operations are now in progress by
Messrs. B. White & Sons.

Mr. Harrington said that as soon as the
buildings were nearing completion the com-
mittee would attend to this matter.

The minutes were confirmed.

EDITORS LETTER BOX.

The election of District Councilors has once more come round, but I think you will agree that this event has been one of the quietest elections we have known for some time.

Stourton made a little more fuss than usual, but the fact of that was because the Liberals of that place meant victory.

The Liberal was anything but the most desirable, yet this did not do much to harm the result, and the result must be a very encouraging conclusion to the last day's work which they indulged in.

I have no hesitation in saying that Mr. Nichol was a good member, and one who looked after the interests of his constituency, but that gentleman was a Conservative, and not a non-resident, and because of this the Liberal of Stourton desired a change, and therefore brought out Mr. Tom Smith to oppose him.

The Liberals of Stourton were justified in their action, and the spirit which prevailed amongst them all through the contest proved that they were honest, and that they were a working man, a good Liberal, and well-known amongst the electors, at his majority of 44 over Mr. Nichol's power. Now that he is elected member for the next three years, he should not wonder but he will carry a large number of the Council. I heartily congratulate him on his victory. Liberalism can make itself felt in a district.

Councillor Bulmer was re-elected as a member for the South Ward, and I believe this is the second time he has been elected with a majority of 10 votes. This proves the Independent Labour Party have a strong hold on the constituency as they make it appear. Mr. Heaton was a new candidate, and the fact that Cr. Bulmer only polled 15 votes more than his teller's vote, shows that Cr. Bulmer had the assistance of the Liberal Party it is evident Cr. Bulmer would have got his marching orders. The fact of Mr. Heaton's election is a warning to his candidature, before face a three-cornered fight, did good service for the L.P., because, it is evident that the 200 who did not vote, were not so much as the 150 who did vote. This fact I have no hesitation in saying, has given this party a new lease of life.

Rumour now has it that we must look out for great things in the South Ward. Mr. Lunn stated in the Council room that no walk-out would be taken in this ward in this year, therefore it is evident Cr. Stoad will find an opponent in Mr. Lunn or some other of the L.P. fraternity. If that be so, I feel content with the above, and I believe that twelve months hence, but we shall see; one thing is certain about the next election, and that is that if Cr. Stoad is to be opposed, he will be opposed by no more than Cr. Bulmer did this time, the space between the two will be very much wider: 160 votes out of a register of over 200.

It is a pity that the Independent Labour Party do not make a better use of the money they have to build houses, and the ratepayers' money would be better left in the exchequer of the Council rather than spent in a contest which is a waste of money.

At the last Council meeting, Cr. Stoad, I understand, gave notice he would bring before the Council the question of celebrating the Coronation Day. Rothwell don't think want to be bothered with the Coronation Day, but a royal holiday will not be out of place. I have no idea what the celebration may take, or from what source Cr. Stoad intends to raise the money. I notice that Cr. Stoad, however, that most places are getting a little money out of the rates; Leeds, for instance, £2,000. I should very much like to see Cr. Stoad's good nature, and I am sure that the aged poor and children and a small memento presented as a souvenir of the great function that is to take place. In addition, I would suggest a presentation of public bodies, Friendly Societies, tradesmen, and anybody who will fall in, besides a public gala and display of fireworks free to all.

Stoad intends to raise the money. I notice that Cr. Stoad, however, that most places are getting a little money out of the rates; Leeds, for instance, £2,000. I should very much like to see Cr. Stoad's good nature, and I am sure that the aged poor and children and a small memento presented as a souvenir of the great function that is to take place. In addition, I would suggest a presentation of public bodies, Friendly Societies, tradesmen, and anybody who will fall in, besides a public gala and display of fireworks free to all.

At the last Council meeting, Cr. Stoad, I understand, gave notice he would bring before the Council the question of celebrating the Coronation Day. Rothwell don't think want to be bothered with the Coronation Day, but a royal holiday will not be out of place. I have no idea what the celebration may take, or from what source Cr. at full-back, and their defense could not be broken. Half time now arrived with the score: Woodfield 1 goal, to Rothwell White Star 1 goal. On resuming it was thought that the home team would have a very easy victory for them. As the old saying has it, "You never know your strength till it is tested." The Rothwell White Star tried to show it. From the kick of the home team at once attacked, and Blackburn was called upon in good time, the latter making a very good shot, but it was not a goal. A meeting of the Executive Committee of the Bowden Cup competition was held last night, to consider objections raised to alleged irregularities in the play in the Rothwell White Star and the Woodfield teams. Mr. Albert Denton presided. Complaints were made of Rothwell supporters insulting the Woodfield players, and of the latter's conduct on the ground, improper boots in which one of the Rothwell players appeared during the first half, and the supply of refreshments on the field of play. All the complaints were considered frivolous, except the insult to the line-man, and the offending player is to be reported to Leeds and District Association.

WEST YORKSHIRE ASSOCIATION.
A meeting of the Executive Committee of the Bowden Cup competition was held last night, to consider objections raised to alleged irregularities in the play in the Rothwell White Star and the Woodfield teams. Mr. Albert Denton presided. Complaints were made of Rothwell supporters insulting the Woodfield players, and of the latter's conduct on the ground, improper boots in which one of the Rothwell players appeared during the first half, and the supply of refreshments on the field of play. All the complaints were considered frivolous, except the insult to the line-man, and the offending player is to be reported to Leeds and District Association.

THE claim of Carlton Juniors against Chapchips for 150 1st prize, incurred in connection with a broken engagement, was rejected by Chapchips on the ground that the Carlton Juniors were guilty of rough play in the first engagement, and that the latter were notified of Chapchips' intention not to fulfill the return fixture. The Committee, however, decided in favor of the Carlton Juniors, and the latter are to receive the 150 1st prize.

It was resolved that the replayed semi-final in the West Yorkshire Cup Competition between Rothwell White Star and Oulton Juniors should be played at the Rothwell White Star ground on April 13; Mr. H. Rawlinson, secretary of the Leeds and District Association, was appointed referee.

The Carlton Juniors' secretary (secretary) resigned in view of feeling tired to the terrible calamity at the international match at Glasgow last Saturday, and a note of condolence was passed in silence with the Scottish Football Association and the relatives of the killed and injured.

An appeal by Althos against the decision of the Leeds and District Association in ordering them to pay 75 6d to Farley Ironworks for wagonage fees, in connection with a broken engagement, was rejected by the Leeds and District Association.

A letter was read from the Halifax and District Association asking assistance in recovering from Mr. Polls, their late secretary, the minute book of the Association. The Chairman said the Halifax Association had been standing in the matter and the Halifax Association were recommended to take what course they thought best under the circumstances.

The Halifax Association reported the Clayton Club for not paying their entrance fee of 5s to the Competition. It was decided that the amount be paid within three days, otherwise the Clayton Club will be suspended.

The question of a suggested West Yorkshire League, to be controlled by the Leeds and District Association, was discussed. It was decided to call a meeting of the Leeds and District Association on the motion of Mr. Brunt, to circulate the minutes to West Yorkshire with a view to calling a meeting to fully consider the suggestion.

The Leeds and District Association reported the Clayton Club for not paying their entrance fee of 5s to the Competition. It was decided that the amount be paid within three days, otherwise the Clayton Club will be suspended.

THE "BOWDEN" CHALLENGE CUP.

After "Macanlay" (a long way) Attend all of who look to hear of football's present days. When clubs within a radius of three miles, tried to win. And exercised full powers, the "Bowden" Cup to gain.

The goal that made the difference—was one at goal. A further time in this round, was the one at goal. And the "giant" stout opponents, the home team. They used their best endeavours, and kept the goal alive.

Another round of football considered very well. Was played by well known "scocks." "Garforth" and "Whitby." When the last round, the goal—then, the "Whitby" scored by Garforth's—its said, in minutes victory.

In most delightful weather, (this statement don't) Was the last round, "Old Roddick," against "this" "Whitby," and "Crosby." For when the last round, their spirit, their spirit, their spirit.

But got a through "hooking" are the finish—was usually a "record" in these contests to be. And this occasion, Oulton, played in a further round. They knew they were quite easy, yet the play did not relax.

On this same day the doings of others must record. And that's a match of interest, "White Star" and "Whitby." The play was pretty even—no spectators present. Each side obtained a single goal—and finished with a "draw."

This played to was fought out, in mid week, The "White Star" proved the victors—but Wood, the "White Star" proved the victors—but Wood, the "White Star" proved the victors—but Wood.

At last it reached the final, "Green Garforth" and "Whitby." The finish of the season showed, they scored but lost. They may prove holders of the Cup, no one can say.

Bring home the trophy to town, and thereby truly, The hearts of the people with gratitude and pleasure. Who know that the "Bose" have won a trophy, a valuable trophy.

FATAL FALL INTO A QUARRY AT ROTHWELL HAIGH. Laid on Saturday night a shocking fatality occurred at Rothwell Haigh, a man of the name of John Dunne, a mechanic, of Chester Street Lady Pitt Lane, falling down Messrs J. Holroyd & Sons' quarry at Rothwell Haigh and being killed.

It appears the deceased with John Albert Wilson, of Hull, and Francis Swales, of Weston Hill, and Joseph Ryder, of Hamlet Court, beached the football at Belle Vue, and afterwards remained in Wakefield for a while. They intended catching the last train to Leeds but, somehow or other, missed it, and set off to walk the nine or ten miles.

On reaching Rothwell Haigh they decided to cross the "Fitz" Acre, a near cut into Dewsbury Road, Leeds. After leaving the road they appear to have lost their way, and to have wandered in Messrs J. Holroyd and Sons' quarry, where they were discovered by the mistake Dunne walked over the quarry edge and fell a distance, it afterwards transpired, of about 17 yards.

His friends, once raised an alarm, and Walter Johnson, a barnman, of the Coach and Horses Inn, Rothwell Haigh, went down the quarry. He discovered the dead body of Dunne, dead having no doubt, been instantaneous.

At the inquest held on Monday night, John Wilson, mechanic, of 5, Cotton Hill-road, Hamlet Court, stated that he met the deceased on Saturday afternoon at the Broughton Rangers' v. Hamlet Cup match, at Belle Vue, Wakefield. After the match, deceased and witness, along with two other men named Francis Swales, of Benton Hill, and Joseph Ryder, of Hamlet, visited two public-houses and left the last one shortly after six o'clock. They found they had missed the last train to Leeds, and decided to walk home. It was a dark, foggy night.

On reaching Rothwell Haigh, Dunne said, "Shall we go over the 'Fitz Acre'?" He was asked if he knew the road, and he replied, "Yes, I know the road, I have been over it many times." They then set off on a narrow road. Swales and Ryder, in front, and deceased and witness about 10 yards behind. They were talking about the match, and deceased was laughing when he dropped.

Coroner: You were not arguing with each other about football? Continuing, witness said the deceased suddenly dropped down the quarry, and it afterwards appeared that they had taken a wrong turning.

Corroborative evidence was given by Francis Swales, mechanic, of 7, Stuart-place, Benton Hill. The jury found that the deceased met his death accidentally.

ROTHWELL DISTRICT COUNCIL.

THE CORONATION CELEBRATIONS.

£180 FOR LOCAL FESTIVITIES.

A special meeting of the above Council was

held on Friday night last, at the Council

Office, Mr. Walter Hargreaves, J. P. (chairman)

presiding. There were also present:—

Councillors B. Taylor (vice-chairman), P. G.

Milner, T. R. Smith, J. H. Dobson, A. W.

Seaton, John Abrahams, Thos. Smith, T. P.

Whitely, J. Stead, with the clerk (Mr. Walter

Dobson).

The Chairman said the meeting had been

called on a notice of motion by himself, that

the Council expend out of the rates £180 on

local celebration of the coronation of the King.

Mr. Hargreaves said he had no objection

to the proposal, but he had no objection

to the proposal, but he had no objection

to the proposal, but he had no objection

satisfied with their actions. There was not

running riot in the spending department, as

there was on the part of some of their

brethren; the conduct of the Council was in

this respect highly approved, and he thought

that their action in respect to the coronation

would also be highly approved, and he

A W HARGREAVES, behind the Black Bull,

Rothwell.

Mr Hargreaves asked if the Building

Committee at any time taken steps to see

the material being used in the erection of

the houses on the low side of Pontefract Road,

Stourton. Were they aware what material

was being used? The gentleman had told

him that the site was a receptacle for the

material of old buildings demolished in

Leeds.

Mr Stead said the Committee had their

attention drawn to the question some time

ago when the Inspector was instructed to visit

the buildings. Since his first visit his reports

had been satisfactory.

Mr T R Smith said he had heard much

and enough of these buildings, and at times

had shut his eyes. He did not think

IN MEMORIAM.

TAYLOR—in loving memory of Maria Ann, the beloved daughter of Ben and Mary Ann Taylor, of Rothwell, who died on the 29th inst., 1902. "Gone, but not Forgotten."

ROTHWELL SCHOOL BOARD MEETING.

A monthly meeting of the above Board was held on Friday night last, at the Stourton School, Mr. Butler (Chairman) presiding.

Present: Mr. Butler, Mr. Lunn, Mr. Lunn, Mr. Hargreaves, Mr. Bird, Mr. Shurmer, and the clerk (Mr. Marshall).

THE SCHOOLS' BALLOT.

The minutes of the previous meeting having been read and proposed for confirmation, Mr. Butler said he was going to read about the unofficial census taken at last meeting.

The Chairman said it would have been presented to the last meeting of the Board but not Mr. Butler and Mr. Hargreaves objected.

Mr. Hargreaves thought a census should be officially taken; he did not believe in a back street census being used for any purpose but taking of a census taken by interested parties.

The Chairman: But any ratepayer will be able to present at the inquiry and give any evidence he possesses in favour of the school.

Mr. Lunn remarked that two or three months ago he had asked that a census of the people living at Rothwell High should be taken, and that one should be taken even if he had to do it himself. He was unable to do the work himself, however, but got someone else; the census was taken in a most irregular manner. It was not in possession of the Clerk. At last meeting the members decided to entertain it, and he would vote against Mr. Marshall proposing it, as it had been no back door work about it. Now, the result would be made known at the proper time. If the party taking the census had done as the Church party had done, and gone and taken the census in the back street, underneath way in which the Church people had done it.

Mr. Butler asked the census was going to be presented as coming from the Board, and being answered the negative, the minutes were confirmed.

THE FETTERING AND ASSOCIATION MEETINGS.

The Clerk reported on his attendance at the meeting of the West Riding Federation at Harrogate, at which the Education Bill was discussed and all education bodies strongly advised to enter protests against it.

Mr. Lunn had attended the 9th annual meeting of the Association of School Boards held in London. The Dean of Manchester, he said was unable to be present but the Hon. J. Lloyd, who knew as much about education as anyone in England, presided in his stead. He opened what proved to be a lively meeting, with a fine speech on the new Bill. He defended the School Board system, and said that the further he went into the Bill and the greater became the darkness. With the exception of the Chairman, all the officers of the Association for whom the Rothwell Board had voted had been elected. Mr. Chappell, of Barnsley, than whom no man in the West Riding was more interested in education, was elected to the Executive. In no year, said Mr. Lunn, had the Church party influence been so weak. At the same time, Nonconformity versus the Church influence was left out of the discussion in a great measure. In discussing the New Education Bill nine or ten representatives spoke against the proposal before any one spoke in favour. It was urged by the best of persons speaking against it. The best discussion was that on the effect the new measure would have in Urban districts. Shipley, he opposed it. Mr. Butler said he could not understand this position taken up by the Rothwell Council.

Mr. Butler proposed a vote of thanks to Mr. Lunn, who was the representative of the Association in aid of the Sick and Aged Ministers' and Ministers' Widows' Fund. All Invited.

ROTHWELL LANE SCHOOL INQUIRY.

The Clerk informed that the Department before coming to any decision on the question of the Rothwell Lane School, proposed to hold an inquiry, which had been fixed for the 29th inst.

The Chairman thought the Clerk should prepare the case for the Board and be authorized to take a ballot of the Rothwell High residents as to whether they were in favour of a Board or a voluntary school. They wanted to do things fairly and squarely, and if such a paper was sent out then the residents would be able to give their opinion one way or the other.

Mr. Butler said he did not see the necessity for a ballot, but on the motion of the Chairman and Mr. Hargreaves it was decided that one be held.

MISCELLANEOUS.

The question of Mr. Scott's and other teachers' salaries was referred to the Committee.

It was agreed to appoint another teacher, article 5th, for the Stourton Infants' school, to be from the 25th August, and that in connection with the school be closed from the 2nd to the 25th August, and that on Wednesday night to the Monday morning following.

Mr. Butler suggested that the Board give the children some small mementos in connection with the school closure.

Mr. Lunn objected to spending the ratepayers' money in this way. He objected to spending his own on such an occasion and would not give a penny.

No action was taken.

GLEANINGS.

INFIRMARY NOTES.

The Saturday procession was a very poor one so far as the number of competitors was concerned, but as the receipts were satisfactory and the Committee cannot afford to forego the town, the workers will have to exercise their will in order to bring about an improvement in the show another year.

There was a very important telegram handed round among the Committee men and officials on Saturday afternoon and Sunday, which ought to be framed and preserved as a memento of how the Committee were rescued from an awkward situation.

Never before were the baskets at the gates worked to better advantage, for few passengers on foot or in waggons, but were called to contribute, and many responded very liberally to the appeal.

Of the Monday's programme, the general opinion was that it was at least of all previous shows and that the battle scene and fireworks were never so effective.

After such an unparalleled success it is amusing to us to read portions of Mr. Stead's letter which appeared in the issue of the 25th. Speaking of Mr. H. Arncliffe, one of the present secretaries, he says "Mr. Arncliffe was elected to work as co-secretary with me, but I am bound to admit that he is a very capable man, which to me is according to common sense. I never saw him working along with him, even in the cause of charity." Some people reading such glowing sentences might naturally conclude that Mr. Stead was too good for this world, while others unacquainted with the person spoken of might be excused for thinking of him as a companion of the very arch fiend himself. Fortunately there are few men in the district with such a bad opinion of Mr. Arncliffe as Mr. Stead appears to hold, or there would not have been such a strong infirmity Committee this year. Nor do we think he would have secured such a good colleague to work with him, as he has already proved himself to be. However, as Mr. Stead, in that famous episode of his, before referred to, says that he does not for a moment wish the infirmity to degenerate, but rather his joy over last Monday night, and that he is more than delighted that the good wishes expressed in his letter have been so abundantly realised. Mr. Arncliffe has been asked many a time why he did not reply to Mr. Stead's letter. In our succeeding issue his best reply is the financial statement above set forth.

EAST AND WEST YARMOUTH UNION.

The half-yearly meeting of the East and West Yorkshire Union Railway Company, was held at the Great Northern Hotel, Leeds, on Wednesday afternoon, Mr. C. E. Charlesworth (Weston Hall, Doncaster) presiding.

In proposing the adoption of the report and balance sheet, the Chairman said the balance sheet was much as it had been for several half years past. The company has expended £6000 on their line, and raised £2,400 in the form of Preference Stock. Most of that money had been spent in altering the level of John O'Gaunt's Hill. The accounts for the half-year were fairly satisfactory, and the Chairman in developing their traffic, and it would be seen that the goods and mineral traffic had increased during the half-year by 71,637 tons, which was a considerable increase for a railway like theirs. The receipts showed an increase of £1,400, two thirds of which was due to mineral traffic, and the remainder to merchandise traffic, while there was also a considerable increase in the earnings of the waggons. As to the future, it was never wise to prophesy, but he thought he might venture to say that the passenger line would be in operation in the early part of next year, say, in January or February. There were still some difficulties to overcome, but he was confident that the first consignment of goods with which to make connection with the Midland Railway Company, and while there was still much to arrange in the way of time tables and the like, he thought they were proceeding satisfactorily. He and Mr. Meyer, the managing director, had been to Birmingham within the last fortnight to see what sort of rolling stock it would be desirable to get, and it was their desire to make the service convenient and the passengers comfortable.

A shareholder said the report was not as satisfactory as the shareholders had reason to look for. There was an increase of traffic receipts of £1,200, or nearly 15 per cent, but it had been expected that the receipts of £1,200 per cent, which meant that the earnings per train mile had been less than for the corresponding period of last year.

The Chairman replied that the company's earnings per train mile had been less than for the corresponding period of last year. The Chairman replied that the company's earnings per train mile had been less than for the corresponding period of last year.

The official traffic return for the above railway for the week ending Aug. 23rd, 1902, is £249, the amount during the corresponding week last year was £288, thus showing an increase of £39. For the 8 weeks ending Aug. 23rd, the return is £2693 against £2201 for the corresponding period last year, an increase of £492.

BRASS BAND CONTEST AT WOODKIRK.

On Saturday, a band contest was held at Woodkirk Pleasure Garden, and 12 bands competed. A quick march and set of values were the test pieces. Mr. John Leader, of Horbury, was the judge, and his awards were as follows: 1st, Carlton; 2nd, Birtall; 3rd, Bothwell. Values—1, Bothwell; 2, Carlton; 3, Birtall; 4, Ouse; 5, Ravensthorpe.

The Carlton Band has made rapid advances lately and well merited their success. The judge complimented them on their playing. The members are now being tutored by Mr. Joseph Stamp, of Casterton, who has very considerably improved the band since he took them under his tuition. On reaching Carlton on Saturday the band had a lively reception, this being their most important contest success.

ROTHWELL'S EVERY DAY DANGERS.

VALUABLE HINT FROM LEEDS.

It is astonishing how many lives, even here in Rothwell are wrecked through apparently insignificant causes. Sitting on damp grass, sudden change of temperature, stopping work, bathing too long, getting wet entirely, straining, dressing injudiciously—how many deaths are these seemingly slight occurrences responsible for? Every day we have cases of illness, and many deaths. We get ill, and the doctor gives some long name to our complaint; but we cannot understand the cause of it. The great source of a healthy constitution is because they cannot filter the blood properly, and bad blood will eventually prove fatal. A sufferer from rheumatism, backache, and other forms of kidney complaint. Sharp, shooting pains attacked me in the small of my back, and joints. I used to feel drowsy and languid, and so on. I was afraid to stop, because it was almost more than I could do to get straight again. I also suffered with awful headaches.

Although I tried many different remedies, I got no relief until I commenced using Doan's Backache Kidney Pills. These did me good from the first, and in getting they entirely cured me. I now feel brighter and stronger in every way. I shall always be pleased to speak a good word for Doan's Pills. (Signed) Mrs. Ann Wilkinson, who lives at 62, Hunslet Lane, Leeds, says: "For twenty years I was a sufferer from rheumatism, backache, and other forms of kidney complaint. Sharp, shooting pains attacked me in the small of my back, and joints. I used to feel drowsy and languid, and so on. I was afraid to stop, because it was almost more than I could do to get straight again. I also suffered with awful headaches.

The above statement was made by Mrs. Wilkinson over 24 years ago. To-day that lady says: "The benefit I received from Doan's Pills has proved lasting. I always keep some of the pills in the house, and if a slight cold, or a little extra work, threatens a return of the old trouble, a dose or two of the pills never fails to ward it off."

If you are ill, write and tell us your symptoms. Your letter will be treated in strictest confidence, and will be made and may be able to save you from a world of suffering. Doan's Backache Kidney Pills are 29d a box (each box 13d). Of all chemists and drug stores, or posted free, on receipt of price, by the Proprietors, Porter-McCollum Co., 8, Wells St., Oxford St., London, W.

THE RACING PIGEON.

On Saturday, the clubs in the Yorkshire Federation had the first young bird race of the season, in which the owners competed for a considerable sum of money. The conveyance had close on 5,000 birds for liberation, the Western section sending 75 baskets (liberated at 11.10 a.m.). North-Western 42 (11.40), and P. section 37 (11.40). The morning opened anything but favourable, but there was a change towards noon. At the time of tossing it was raining, but by 1.15 p.m. it was clear and bright. With a "tail" wind the birds made some excellent velocities. Principal local results to hand—

A beggar asked for a bit of bread-and-butter at a house the other day, and on a couple of attempts being brought to him he indignantly refused the offer. "What's the matter?" asked the donor; "isn't your bread?" "Yes, the bread's good enough," said the beggar. "Well, isn't the butter good?" "Yes, I've no fault to find with the butter," said the donor, "what is the matter?" "I don't

SOMETHING FOR YOUNG FOLKS.

A RASH THREAT

Once upon a time there was a king who had a favourite little page named Wang. Very fond of him, he was talking one day with his sister he said:

"I really don't know what I should do if this little Wang should die. One thing I'm determined upon—when I get old I will put the man I hang on to my side."

"What do you mean?" asked the king's sister, who first tells me the bad news."

It was the custom in those days to reverse the names of the dead. So the king's sister thought she had to have thought that it would be perfectly all right keeping with that practice to punish those who were the cause of the death of the king's favourite.

Well, after a while, true enough, the horse died and everybody was afraid to go and tell the king. The king's sister, however, was not afraid. She entered into the palace, and went into the presence of the king, and said to him:

"Your Majesty, as if something terrible had happened."

"What is the matter?" asked the king.

"Oh, your majesty, your poor horse! Oh, dreadful!"

"What is the matter?" asked the king. "Speak!"

"I tell you."

"What is the matter, how can I speak? And I think that yesterday at this time he was as well as now."

"He is dead!" said the king. "I know he

"Yes, your majesty," said the fool, suddenly, "but there is news worse than this I have to tell your majesty."

"What?" asked the king, starting up, and more alarmed.

"That your majesty will have to be hanged for you declared that whosoever first said in your majesty's presence that you would certainly be hanged, and it was your majesty that said it yourself."

THE BOY WHO "WOULD."

There is a London boy, as the story comes, who is going to make his way in the world. He entered a large shop, and going to a counter, he said to the clerk, "I want to buy a hat."

"What hat?" asked the clerk, looking sternly.

"Mister, do you want a manager?"

"No, mister," answered the clerk, "I want a hat."

"Do you want a manager?"

"No, mister," answered the clerk, "I want a hat."

"What hat?" asked the clerk, "I want a hat."

"Well, it's this way: for three weeks I have been looking for somebody who wanted to be a manager. I have been asking everybody I met. I'd try to get a place as a manager. I'd like to manage a large shop."

"I rather like this," said the man administering the hat. "You like to be a manager?"

"Manager?" He took me twenty-five years to find out what it was. I want to be a manager."

"I'm only too anxious to try it. Will you give me the name of the shop?"

The merchant gave him the chance, and so that fourteen-year-old boy is working in an important position in the business. He says confidently that he will be the manager before he has hair, and his employer is inclined to agree with him.

letter were well written and sent off in time by degrees the old habit of putting things off for to-morrow and still the letter was not written. Donald and the dogs were not long in rising the sands, and a lovely time they had in the letter to the post. The dogs were quite as good as he ran along, the dogs helping, and barking with delight at the fun.

On and on he ran, but suddenly his foot fell in a large sticky hole, and he lay down he was unable to rise, and groaned with the pain, and then unconscious of everything. The dogs pulled at his trousers-legs, but finding that their efforts were of no use, they took no notice they finally decided to lie down.

The poor child might have lain on the sand for a long time, for the spot where he fell was a very lonely place, and the dogs were not very fond of the village. Fortunately, however, a gentleman who lived near the Fletchers had

talker remembered the unwritten letter to
mother, coming into the room, found him
tears running down his face.

"Oh, mamma," he sobbed, "I have been
about that poor sick boy! I suppose he
was waiting for my letter all this time, and I
didn't write it before I went out on the sea-
day and knocked my head."

"Don't be so foolish," said his mother, "you
do right, but I hope your journey has taught
you lessons."

RIDDLER

What is it good to have, but never
keep?—It is a good appetite.

Why is a centinel like a galvanic bat?
Because it produces a spark.

Why is a newspaper like a newspaper?
When she appears in print.

Why is there a body at home in
vacancy?—Because it is a sun-inhabited place.

ROTHWELL SCHOOL BOARD MEETING.

A meeting of the above Board was held on Friday night last, at the Carlton Lane Schools, there being present, Mr. J. Butterick (chairman), Mr. W. Lunn, Mr. W. Hatley, Mr. J. W. Bird, Mr. W. Lambert, Mr. A. Batty with the clerk (Mr. A. Marshall), and attendance Officer (Mr. Denton).

ROTHWELL MANAGERMENT.
At a meeting of the Rothwell Management Committee, held on the 30th October, the resignation of Mr. J. W. Bird, as caretaker, was tendered, and accepted with regret.
Mr. Martin having applied for an increase of salary Mr. Butterick gave notice to propose at the Board meeting an advance of 25s.

In answer to a question by Mr. Hargroves, the Chairman said that if the advance of which he had given notice was granted, Mr. Martin would be getting 25s per year more than Mr. Nicholson, the head master at Stourton.

At an adjourned meeting of the Committee thirty six applications for the post of caretaker were considered and Mr. and Mrs. W. Hatley, Mr. and Mrs. M. Goodall, Mr. and Mrs. Dickinson and Mr. and Mrs. W. Butterfield selected to appear before the full Board.

The minutes were confirmed on the motion of Messrs Batty and Lambert.

ROTHWELL HALL MANAGEMENT.
Miss Bryant, of the Rothwell High School, having successfully passed her certificate examination in the second class, asked for a revision of her salary. It was agreed to recommend an advance of 50s, according to regulations. Several cases of bad attendance were reported and the officer instructed to serve full notices before issuing summonses.

The Attendance Officer said the epidemic of measles at Stourton, had nearly died out, but that some children were still away from school suffering from the effects of the epidemic.

On going round the premises at Stourton, they had inspected the new door into the coal house, but on trying it, found it fastened on the inside.

In 1902 the Committee for coal-distributing, Mr. Lunn said in regard to Mr. Bryant's salary, they had taken the usual course and recommended an advance according to scale.

As to the caretaker and the new door although he was opposed to the action of the Board at the previous meeting, he thought he would have a look at the door when they were going round to try it however, he found it fastened on the inside. He said he was going to settle the grievances between the master and caretaker, and for some reasons he did not carry the Board decided the new door should be put in. Mr. Nicholson, it appears, had had bolts put on the inside, so that the Board would just be in the same position as before. Mr. Nicholson said the door was broken out, if it was kept fastened. The caretaker would have to ask Mr. Nicholson to unbolt before he could go in. As to Mr. Nicholson's complaint, he said it was not his (Mr. Nicholson's) fault, but he was himself to them being got in, it being no longer the duty of the caretaker so far as he could see. Mr. Hargroves asked the Committee had done in the matter.

Mr. Lunn: We have instructed the clerk to write and ask Mr. Nicholson to have the door removed.

The Clerk had written Mr. Nicholson asking why the door had been fastened.

Mr. Nicholson replied stating that he had paid for and had the bolt fitted to the door, so as to safeguard a number of things he had stored in the building. The Clerk, he assured them would be put to an inconvenient use, as the bolt would be withdrawn every morning. It had not been put on in any spirit of antagonism to the Board, but he was sure they would see the thing in its proper bearing.

The Board agreed with the recommendation of the Committee, and decided that the Clerk should write to Mr. Nicholson to take the bolt off the door within four days.

THE FEDERATION OF SCHOOL BOARDS.
A letter was read from the Federation of School Boards, stating that a special meeting would be held in Leeds, on the 22nd inst.

Mr. Lunn said the Executive had decided that the meeting should be held in Leeds, in order to consider the progress of the Education Bill. It was decided that the election of officers should go forward as usual, as it was thought to be most important for the Bill to come into operation on the 26th March. The complete apathy of the School Board of Leeds was regretted by the meeting.

The Chairman having given notice to propose an advance of 25s to Mr. Martin, said in Mr. Harms' time the salary of Mr. Butterick was £115, and the grant £104 10s 6d. In 1895 the salary was advanced to £120, when the grant was £220 11s, and the average attendance 238. In 1897 the grant was £278 16s and the average attendance 274. In 1899 the grant was £347, and 305, in 1901 £358 16s, and 310. His salary at the present time was £130 with an average attendance 328 up to date, and 50 more below the average attendance of the last year.

Comparing the salary with that paid by other Boards in the district he said Woodlesford paid £130, the average attendance was 328, and the grant £210 10s 6d; Metherley paid £140, 147, salary £160; Metherley paid £140, 147, salary £160; Metherley paid £140, 147, salary £160.

The average salary of head masters throughout the district was £135 10s. He had no objection to have had but not the Board. The Rothwell master, he said, was paid very much below the average of the district, and below his own earnings. He had got a very good school, which was in a satisfactory state, as every member of the Board would acknowledge, and in recognition of his splendid services he had pleasure in proposing that his salary be advanced to £135 per year.

Mr. Hargroves said Mr. Martin was no doubt an excellent master, he gave his best value for him when he was appointed, and still had every confidence in him. It had been what he considered to be his duty to complain from time to time of extravagance in connection with the schools, and at that account was looked upon as a very bad fellow indeed. If a member of the Board could not get on with him when he saw it, he was not fit for his position. Mr. Martin would not speak to him in any shape or form, and the only reason he could attribute to his conduct was, as referred to. He considered it unkind. Mr. Martin was a splendid master, he was going to support the advance and would second the resolution.

Mr. Lunn said he had considered this question seriously. Mr. Martin was an able master, and interested in children better than any man he had come in contact with. This country had waged a war which had cost an enormous amount of money, one of the results being that the cost of living had gone up terribly. A pound would now go for as far as it used to, and on that account he supported the resolution.

The motion on being put was carried unanimously.

APPOINTMENT OF CARETAKERS.
The four couples selected to come before the Board as the selected applicants for the post of caretaker at the Rothwell School, had interviews with the Board.

Mr. Batty proposed and Mr. Butterfield seconded Mr. and Mrs. Mark Goodall.

Messrs Batty, Bird, and Hargroves voted for Mr. and Mrs. Butterfield, and Messrs the Chairman, Lunn, and Lambert for Mr. and Mrs. Goodall, the latter being consequently appointed by the casting vote of the Chairman.

THE WINDMILL FIELD ATTENDANCE QUESTION.
The Attendance Officer said that Mr. Hargroves had complained some time ago of the bad attendance of the children from Windmill Field district, which complaint he himself confirmed. The Attendance Officer of the Rothwell School had made inquiries and reported satisfactorily to his Board on the subject. His statement (Mr. Bell's) was that he had given the children a good attendance at Rothwell, and was misleading the Board, but the fact of the matter was that Mr. Bell had only given the attendance for the few weeks before his visit to the Rothwell Schools. Mr. Denton then gave the following figures—Jesse Ward in 1900 only had 206 attendances out of a possible 415. In 1901, he had 272 out of a possible 415. In 1902, he had 272 out of a possible 415. The visitor defending, Trueman did not clear a shot, and Hoyland had no difficulty in doing the score. Lofthouse were now in king in their play and caused Rothwell to another six yards. After a combined ment and a nice pass into the goalmouth Lockwood, Taylor equalised. The home side after this played up well and found the plenty of work, having a couple of less shots. Rothwell retaliated, when ought to have shot instead of passing to where there is a cross-side position.

A very rough game ended in a win for Rothwell with a goal to Lothouse 1. The have a fairly good defence, but the lack combination and rely too much on individual efforts. The visitors played round good game, the only weak point was in the defence. Blackburn. Leathley, a recruit forward is only of small stature, but he has some fine full-back in the absence of the Starlets with such a set of players to make a tall bid for the top in their division.

HUNSLLET BOARD OF GUARDIANS.

The first night meeting of the Hunsllet Board of Guardians was held on Wednesday afternoon at the offices—Mr. J. Robb (Chairman) presiding. The other members present were Messrs J. Butterfield, (vice-chairman), G. Fryer, T. Park, J. E. Harlow, E. Green, Nield, P. Houghton, J. Seddon, Lawson, Wood, Hollings, J. Edwards, J. Hargreaves, H. B. Knight, Mr. Dickinson, Rev. M. J. Dillon, Rev. A. J. Ivin, and Dr. Hawyard, with the Clerk (Mr. P. W. M. M.) and the Assistant Clerk (Mr. W. M.).

CHILDREN'S HOMES

The minutes of the Children's Homes Committee showed that a letter had been received from the Rothwell Urban Council expressing the hope that the new water supply would be available next month.

Quotations were submitted for manure but none of the offers were accepted. It was left with the Clerk and Superintendent to purchase what manure was required.

The tender of Messrs James Batty & Sons, of Rothwell, for window hollows was accepted.

A satisfactory certificate on the physical condition of the new sewing mistress, Miss S. E. Starke, was read and approved.

It was decided to alter all the windows on the western side of the house similar to those of No. 1.

Mr. Edwards in proposing the adoption of the minutes, said that rain had been getting into the house, and they had experienced successfully with the windows of No. 1, and they were hopeful of keeping the house dry now. Mr. Butterfield seconded, and this was agreed to.

WORKHOUSE COMMITTEE

A meeting of the Workhouse Visiting Committee was held on November 19th, and it was decided that electric bell communication be established between the workhouse, sleeping room, and the assistant matron's bedroom, and that as they found an oil stove will not adequately warm the workhouse, they would consider whether they did not propose to purchase one.

The matter reported that the able-bodied men had been out once without getting work, and were going out again. It was decided that as long as they remain in the house they should be employed on test work as fully as possible. Letters were received from Messrs Kelson & Co., Ltd., John Fowler & Co., Ltd., and Walter Scott, Ltd., expressing sympathy with the object of the Guardians, but regretting their inability to offer work as a test to able-bodied men.

It was proposed by Mr. Robb that the Chairman and Messrs Green and Hollings requested to arrange a suitable entertainment for Christmas day. Mr. Seddon seconded, and this was agreed to.

Mr. Robb proposed that the Master be instructed to provide refreshments, &c., to the value of £1 10s 0d before for the artists only. Mr. Lawson seconded and this was carried.

It was decided that it be left to the Clerk to obtain a supply of holly and evergreens for Christmas with authority to purchase in the case of necessity, also to apply to "The Telegraph" and others for a share of toys and books.

The Clerk reported that the sample of yarn selected by the Board proved to be unsuitable for mat-making, and submitted a further sample from Mr. Armstrong at 27s. per cwt. Ordered that under the circumstances the yarn at 27s be obtained.

A letter was received from Dr. Walman, medical officer, reporting the removal of a tramp suffering from mental disease from the care to the Fever Hospital, and the precautionary measures taken, and that a woman named Margaret Watson and two children had developed measles soon after admission to the house.

A letter was received from Mr. Bennett asking for another date for his concert, and there were offers of concerts before the Committee from Mr. Houghton and Mr. Hollings. Ordered that February 26th be offered Mr. Houghton and March 26th to Mr. Hollings, and that Mr. Bennett be informed there are no other dates vacant.

Mr. Dickinson proposed that the Guardians be recommended to receive a letter from the young women's dresses in place of gingham hitherto used, and that the Clerk be instructed to obtain prices for 300 yards of such. Rev. M. J. Dillon seconded and this was agreed to.

Mr. Seddon offered to entertain the inmates to a tea and concert at the Queen's Hall on Tuesday, the 8th inst. It was proposed by Father Dillon that it be accepted for all the inmates who are able to go and have not been deprived of privileges by Mr. Robb seconded, and this was agreed to.

VALUATORS

Accounts to the amount of £470 11s 8d were passed.

The Master's report showed that during the fortnight there had been three deaths in the house. The tramps received during the fortnight numbered 308 against 277.

One application was received for the office of charge nurse, and the applicant, Miss Maria Eden, was appointed.

It was decided to grant additional outdoor relief to the extent of 10s for adults and 6d for children at Christmas.

A QUERY

A long discussion ensued respecting a recommendation of the Finance Committee asking rate collectors to submit their books for the inspection of the Clerk every three months. Finally Mr. Harlow proposed that the matter be referred back, and Mr. Knight seconded, the amendment was carried.

NEW WORKMAN

The minutes of the New Workmen Committee showed that the Chairman and Clerk had interviewed the Local Workmen's Board architect with respect to additional bath, rooms and that they were not prepared to sanction the sanitary annex on account of cost. It was agreed that this part of the scheme be dropped and approved a sketch of the plans of the bath room for a future date.

Specifications of a fly-block estimated to cost an additional sum of £26,340, were approved.

The minutes were adopted on the motion of Dr. Hawyard, seconded by Mr. Hargreaves.

INQUESTS AT ROTHWELL.

THE SUDDEN DEATH IN OULTON LANE.

An inquest was held on Wednesday night last, at the Rothwell Primitive School room, by Mr. Maitland, on the view of the body of Mary Conlon, wife of Joseph Conlon, boot-repairer, of 6 Holmes Square, Rothwell, who died suddenly in Oulton Lane on Monday night.

Mr. Herbert Wormald was foreman of the jury. Joseph Conlon, husband of deceased said his wife was 55 years of age and was of a cheerful disposition. She left home on Monday afternoon last, about three o'clock, to visit her daughter, Mrs. Allen, of Woodlesford, and proceeded there alone. The witness left home about 7 o'clock the same evening to meet her as arranged, and this he did at the White house at the end of Oulton Lane. She then appeared all right, but on hearing Rothwell she fell forward and said "Oh Joe." He tried to assist her but she was quite helpless and he therefore pushed her out to the way to the side of the road and ran towards Rothwell shouting for help. He was not particularly alarmed at the time. Asked by the coroner if the deceased and her husband lived happily together, the witness was visibly affected, and replied that his mother was a devoted wife and he had a hard life with him. He had been advised to drink but he was sure his father would not hurt him.

Samuel Jackson, fencer, of Oulton Lane, said on the night in question he heard someone taking out his house in something of a struggling manner, and heard a woman's voice. There was no shouting. Conlon told him on going out he wanted to get his wife home, and witness said he would give him a hand. He was not particularly alarmed at the time. When they had gone about seventy yards the deceased fell forward and he left her with her husband to help her. He thought she was having a fit.

Dr. Buck, who had made an after death examination, said externally the body was well nourished and there was no sign of violence, but adherent to the chest wall and pericardium, and heart was found to be the main chamber being considerably thickened. The main valve of the heart was diseased. The brain presented a normal appearance, and there was no sign of violence, and the cause of death he attributed to heart failure due to valvular disease. He was quite sure death was due to natural cause. A verdict was returned of "Died suddenly, from natural causes whilst walking home."

SINGULAR BEHAVIOUR OF A ROTHWELL YOUTH.

A variety of rumours were in the air on Monday last, and the result was the disappearance of Joseph Hopton, 18 years of age, son of Joe Hopton, of Leadwell Lane, Rothwell, who left home for his work at Mr. Abraham Barncoll, cabinet-maker, of Springfield Street, Rothwell, but whose body was found in the Aire & Calder Canal on Wednesday morning. An inquiry into the circumstances of the death took place on Wednesday night, immediately after that conducted by Mr. Maitland on Mrs. Conlon's death.

Dr. Hopton, father of the deceased said his son left home about 6 a.m. on Monday morning, to go to his work at Mr. Barncoll's, where he was employed as a cabinet-maker. He did not return home at night, and he ascertained that he had not been to work. On Wednesday, he identified a cap and handkerchief belonging to deceased which had been found on the bank of the Aire & Calder Canal.

Clifford Hopton, 14 years of age, brother of the deceased, said he and his brother slept together. They had breakfast together on Monday morning, when he said as usual and seemed all right.

Alfred Abraham, of 1, Windmill yard, Rothwell, who had known the deceased for some time, said that on the 24th inst., he found a cap, handkerchief and current card on the canal bank near Fleet Bridge, and on Wednesday morning he found the deceased in the water.

Grace Hodgkinson, gave evidence to laying the body out; there were no marks of violence upon it.

The verdict returned was "Drowned himself, but no evidence to show the cause of this."

ROSE PIT, ROTHWELL.

There has been a serious difficulty at the Rose Pit, Rothwell, has been averted. On Wednesday the 10th inst. about 26 pit lads refused to go down on the Saturday night, and these grumblers, and even more to persuade the lads to carry out their contract, but with no success. As a result the pit was laid off and the firm lost about 400 tons of coal.

The lads were accordingly applied for and ready for service. While counsel from the elder workmen—prevailed, and Messrs. Charlesworth & Co. Ltd. met the lads and they agreed that this part of the scheme be dropped and approved a sketch of the plans of the bath room for a future date.

Specifications of a fly-block estimated to cost an additional sum of £26,340, were approved.

The minutes were adopted on the motion of Dr. Hawyard, seconded by Mr. Hargreaves.

OULTON v AIREDALE.

This match was played on the Oulton Green, Saturday afternoon, the expected evenness of the game attracting a large number of spectators. Very soon after the game was started Airedale attacked, and were awarded a penalty. In the end, making a good goal. Outing afterwards pressed and had hard lines in not scoring. For some time the visitors were pinned. A goal was scored by Oulton, and another from a penalty. Oulton continued to have slightly the best of the game, though the visitors were not without a few attacks, but they were not successful.

At half-time the score stood Oulton 2, Airedale nil. The second half was a continuation of the capabilities of the two eleven, there being little to choose between the admirable play on each side. In the second half the visitors were better rewarded, for they put on two goals in quick succession, and this drew equal. This form looked like winning, but was considered short by some to be a certain victory for Oulton, and the players had to put their best foot forward in order to try and secure a lead again.

ROTHWELL PARISH CHURCH v. NORMANTON PARISH CHURCH.

Last Saturday, the Church representatives journeyed to Normanton to fulfil the return engagement with the winners of last year's competition. A late start was made, but the team arrived in time for the match.

The ball in motion on behalf of Rothwell. Cook secured, and his forwards rushed straight for the visitors' goal. They tried to get the ball, but it was charged into the net by Wright. This early reverse was quite unlooked for, and the visitors set about as though they meant business. On the other hand, the home team were not without a few attacks, but they were not successful.

A good centre by Drew was not taken advantage of. A free kick to Normanton brought relief, Kate returned the ball to the visitors. Before all of this the upright with a capital score took. Picketts defended finely for the home team, repeatedly stopping the rushes of Hargreaves and Wright. The ball was on the right by Hargreaves transferred to the left by Hargreaves, and Wright played to the Rothwell end, when Wright missed a capital opening. The home team were awarded a corner, but the ball was kicked into the goal. The ball was worked to the home goal, Woodhead shooting over. Soon after the visiting forwards were badly at fault in front of goal. Just before the interval, Cook secured and shot a good goal for the home team. At half-time Normanton were leading by 2 goals to Rothwell 0. On resuming, the home team attacked, Moss clearing finely. Brown dribbled nicely for the visitors, but his work was allowed to go a little. After the interval, J. Hargreaves found the net with a beautiful oblique shot. The game now became very open, neither side being able to gain an advantage. J. Hargreaves missed the simplest of goals when close in. Towards the finish, Normanton attacked, but were easily held in check by the visitors. Time was called eight minutes short, leaving Normanton winners of a tight match by 2 goals to Rothwell Parish Church 1 goal. The Rothwell backs again made a fine game of the forwards were very weak in front of goal, several capital chances to score were lost by hesitating whether to shoot or pass. In the end, the home team were very good, but they would pay better to pass a shot at goal now and again, instead of waiting when close to goal.

EAST AND WEST YORKSHIRE UNION RAILWAYS.

The official train return for the above railway for the week ending Nov. 22nd, 1922, is 2450, the amount during the week

ROTHWELL HOMOING SOCIETY.

The ninth annual show of working homers, &c., in connection with the above Society, was held in the Rothwell Mechanics' Hall, on Saturday last, there being the largest exhibition of birds ever staged by the Society. The previous record entry (last year) was 340. This year another record was established, there being 360 birds entered for competition. The late Mr. W. W. Bennett, of Leeds, was the judge, his work not being completed until near four o'clock.

In opening the show, Mr. H. J. Martin, the president, said he wished first of all to congratulate the committee, and secretary, Mr. T. W. Bennett, on securing such a large number of entries. Last year's record of 340 birds being broken, this year 360 birds being exhibited. He also congratulated Mr. W. W. Bennett on the painstaking manner with which he had discharged his duties as judge. No matter what show one went to, he said, there was something grumbling to be heard. Old exhibitors as a rule gave way to the judge, but others, who perhaps had noticed how their favourite birds shone above all others in their own cage, were sometimes dissatisfied if the judge did not place such a bird in the honours list. It was only when such birds got into good company, that their shortcomings were noticeable. One thing struck him in connection with the show, and that was, that nearly all the birds exhibited were of pure variety, bred for a particular purpose. It was somewhat strange to him, that in such a popular display of birds, he did not go in for breeding birds for the table. When in America, he heard much about a pigeon ranch of 15,000 birds, the proprietors carrying on the business for no other purpose than providing young birds for the table. Three thousand birds were killed every year. Feeding cost them about five shillings per month, and they had three meals per day. He thought such an enterprise was worth consideration in Yorkshire, and suggested it to the members of the Society. He had pleasure in declaring the ninth annual show open.

A vote of thanks to Mr. Martin was passed on the motion of Mr. T. W. Bennett and Mr. G. Brown.

The following were the awards:—
CLASS 1.—WORKING HOMER COCK (open) 20 entries—1st prize, 10s., and special, pair of trousers to measure (presented by Mr. T. W. Bennett, clothier, Leeds), Colling & Schofield, Bradford; 2nd prize, 6s., and special, silver mounted pipe (presented by Mr. T. W.
